

Walkingroute around Maurik ; 9km

The area around Maurik is great for walking. The starting point of this route is Pancakehouse de Waterspiegel. This pancakehouse is located in the middle of the Betuwe, on the recreational Eiland van Maurik. From here you have a beautiful view over the water. During this walkingroute, you can walk through the floodplains along the Rhine and through the polder. A lovely route to unwind and enjoy the beautiful surroundings. The construction of the weir in the Lower Rhine caused the river that originally ran past the village to shift a few metres a hundred metres to the north. A dead river arm was created near Maurik. The area in between is called the Eiland van Maurik. This route is ideally suited to explore this area.
